

PUBLIC NOTICE

Public Environment Report for Liverpool Range Wind Farm NSW (EPBC 2022/09416)

The following notice is published pursuant to Section 99(4) of the *Environment Protection and Biodiversity Conservation Act 1999* (EPBC Act).

Tilt Renewables Australia Pty Ltd as trustee for Liverpool Range Wind Farm Project Trust, proposes to install, operate and decommission a wind farm and associated ancillary infrastructure, located east of Coolah and northwest of Cassilis townships, within the Central West-Orana Renewable Energy Zone, NSW, approximately 370 km north-west of Sydney.

The project consists of up to 185 turbines and associated infrastructure including internal access tracks, underground cabling, substations, operation and maintenance facilities, temporary construction compounds, laydown areas, concrete batch plants and a temporary workforce accommodation facility. This project will generate renewable energy and aims to assist in reducing impacts of climate change and contribute to the shortfall in generation due to the retirement of coal-fired generators.

The project has been determined to be a 'controlled action' (EPBC 2022/09416) under the *Environment Protection and Biodiversity Conservation Act 1999* (EPBC Act). Under the requirements of Section 99(4) of the EPBC Act, the Final Public Environment Report (PER) has now been published. The Final PER incorporates responses to submissions received on the draft PER that was exhibited for public comment from 22 May 2024 until 19 June 2024.

The Final PER addresses the following Matters of National Environmental Significance:

- 'listed threatened species and communities' (Sections 18 and 18A); and
- 'listed migratory species' (Sections 20 and 20A).

The Final PER including the associated appendices can be viewed for a minimum of 20 business days between 08 October 2024 and 05 November 2024 at the following locations:

- Coolah Library (59 Binnia St, Coolah)
- State Library of NSW (1 Shakespeare Pl, Sydney)

The Final PER including the associated appendices can be viewed or downloaded without charge, online on the project website, at www.liverpoolrangewindfarm.com.au.

The Final PER is being made available for public information only – no public submissions will be accepted.

Note: People with special needs (i.e. for whom English is a second language or who have vision impairment) or who require assistance to access the documents, should contact Tilt Renewables on 1800 938 458).
