Date: 15 April 2021

Hi Alex,

Re: Plant identification – specimens from Nemingha 17 Feb 2021

All four specimens have been determined as *Dichanthium sericeum* Det. S. McCune 12 April 2021.

In future, please give each specimen a unique number to make responding simple.

An invoice for \$100.00 to cover the cost of identification will be sent to you separately.

Thank you for your enquiry.

Yours sincerely

Seanna McCune
Identification Botanist
