Dear Timothy

RE: Letter of Authority to Access and Clear Native Vegetation – Nyabing – Intersection Upgrade.

The Public Transport Authority (PTA) is the agency responsible for A Railway Polygon 11640429 and 12058287, Nyabing, in the Shire of Kent.

CBH Group have requested authorisation from the PTA to access and clear native vegetation on A Railway Polygon 11640429 and 12058287, for the purposes of an intersection upgrade.

Please note that the locations of work are within a 'Carnabys Cockatoo Confirmed Breeding' Area. Special precautions should be made to avoid impact to any of these critical Carnabys trees.

The PTA authorises CBH Group to access and clear native vegetation on A Railway Polygon 11640429 and 12058287, Nyabing subject to PTA receiving confirmation of either a referral decision that no clearing permit is required or the granting of a clearing permit from the Department of Water and Environmental Regulation.

Yours sincerely,

Michael Parker
EXECUTIVE DIRECTOR
INFRASTRUCTURE PLANNING & LAND SERVICES
Public Transport Authority of Western Australia
